ABOUT THIS PROPERTY

Some homes are designed to impress. Others are designed to make you feel something the moment you arrive. 6716 San Vicente is a prime example of the latter, drawing inspiration from the great Mediterranean patio homes and relaxed modernism of mid-century California estates. Inside, timeless materials and walls of glass disappear into lush outdoor spaces, blurring the distinction between inside and out. Each space flows effortlessly, allowing for true epicurean chefs, while every suite is framed with lush garden windows and soaring ceilings. The result is a complete smart home that allows recreational space and opens to the car port, providing a second entrance to the home. Set along one of Coral Gables' most prestigious streets, San Vicente House blends architectural heritage with a refined, modern sensibility. A rare expression of Coral Gables living.
