ABOUT THIS PROPERTY

Rarely available Patio floor plan – one of the most coveted layouts in the community and seldom on the market. This gut-revamped home features hardwood floors flow throughout the open great room, dining area, and expansive living room, all bathed in natural light from large windows. The kitchen includes quartz countertops, glass-front uppers, stainless Samsung appliances, under-cabinet lighting, and a breakfast bar – a chef's dream. The master bath has dual vanities, freestanding soaking tub, glass-enclosed rain shower, and a custom walk-in closet with full built-ins. Properties at this level of finish in the Patio configuration simply don't come along often.
