ABOUT THIS PROPERTY

This is the home large, growing, and multigenerational families have been waiting for—and there is nothing else like it on the market that includes children, parents, and abuela living at home with comfort and dignity. The layout delivers the flexibility families require. This property provides a high level of security, peace of mind, privacy, and a true neighborhood feel—paired with highly regulated zoning. Be direct: homes that offer this level of space, safety, and multigenerational functionality do not last—especially when there are so many and generations stay connected. Serious buyers should act now.
