ABOUT THIS PROPERTY

Offered for the first time since the 1970s, this rare generational estate in Eldorado Estates in Plantation is an Asian-influence masterpiece of architecture and Japanese design, with a layout perfectly suited for multigenerational living. This expansive 5BD/4BA home spans OVER 4,400 SF of single-level living on a prime corner half-acre+ lot and showcases intentional horseshoe flow surrounding an intimate courtyard pool, creating seamless indoor-outdoor harmony. Recognized as a true architectural piece, the home was even selected for HGTV's America's Most Unique Homes, though declined due to timing. From the imported New Zealand blue metal tile forever roof to Zen waterfalls, gardens, shoji doors, a private dining room and office, sunken bar, and dramatic stove pipe fireplace, every detail reflects thoughtful craftsmanship and timeless vision. Walls of glass, soaring ceilings, and expansive living spaces celebrate light, privacy, and architectural integrity, offering flexibility for extended family, creative workspaces, or a future trophy estate. Held by 1 family for over 5 decades, this is not a trend or a flip but a legacy property with provenance, presence, and the rare opportunity to preserve, elevate, or reimagine a paradigmatic showpiece in one of Plantation's most established enclaves.
