ABOUT THIS PROPERTY

Some homes are updated. This one was reimagined. Over \$100,000 was invested in a complete renovation: a stunning chef surface you see and touch is new. The real story is what you don't see at first glance. Fully integrated smart home automation, CAT6 ethernet in every room, plus interior and exterior commercial-grade Wi-Fi that never drops. Step outside to your private pool from kitchen to poolside. Professionally landscaped grounds stay lush on a private well-fed irrigation system that keeps water full security system with exterior cameras covering the perimeter, impact windows and doors, TAEXX in-wall pest defense, and a "move in and start living. Homes at this level of finish and technology rarely come available, and photos tell only part of the story."
